

## **Please pray with us, earnestly and constantly:**

Pray that our Christ Community kids would be anchored to Christ and His Church through their time in this place/in these ministries.

Pray that our kids would feel they are poor in spirit: feel their need for Christ.

Pray that God would bring families to us.

Please pray for the ongoing search for the new youth director/pastor; that God would be preparing and equipping this new person for the position, that they would be rooted and established in God's love, dedicated to His Word, and that the transition in leadership would happen smoothly.

Pray to see faith deepen in our students, to see a real desire for God.

I would love prayer for our students overall wellbeing in a time of significant upheaval.

Pray as we discern the best way to minister to college students and the university community.

Pray that our church would connect across generations.

Pray that our congregation will move out of silos and grow in unity and community throughout the generations.

That people would be restored to deep Christian community.

Pray that we would grow to maturity, embracing our heavenly citizenship and identity as strangers and pilgrims in this world.

Pray that we, individually and corporately, would be known for our Christlikeness (love, holiness, service, humility, etc.) and that our reputation would open the doors to speak the gospel.

### **Paul's prayers for the church:**

Ephesians 1:15-23

Ephesians 3:16-21

Philippians 1:9-11

Colossians 1:9-12

2 Thessalonians 1:11-12
